Subject: Requesting San Jacinto Accounting information for dive team travel

Hello Gary,

We have finalized the EPA dive team for the first round of the San Jacinto Dive Operation.

Bill Luthans – R6
Brandi Todd – R6
Alan Humphrey – ERT
Valmichael Leos – R6
Nick Gannon – Houston Lab

Bill will be traveling on the R6 dive team budget. The remainder of the team would appreciate using San Jacinto site accounting codes. Would you mind making those codes available to us?

All three travelers from Dallas will be driving down in a GOV. The team does the best we can to minimize our travel costs.

Respectfully,

Brandi Todd
